

# Testimonial

I have been working with Ken for 9 years; Ken has helped develop my team from being mediocre to one of the Top teams in Canada. Ken helps by providing guidance with communication, as this is where I see most business stumble, as well as with the planning aspect of my practice on an a semi-annual basis. This is not a one shot event, this is an ongoing process that will allow any business model to get to the next step and beyond. Ken is a reference point for me when it comes to communication – good or bad with my team and is always that sounding board and also he helps keep me grounded. Ken has helped with my bottom line immensely and for that I am very grateful. You will not find an easier person to work with and help you and your team make sense of where you are and where you want to go and why you want to get there.

Sincerely,

Miles Schiller
